

To all ARC participants.....

As a record breaking 200+ yachts are getting organized for this year's exciting Atlantic Rally for Cruisers (ARC), **Ocean Medical International** would like let all participants know we are available to assist you with all your medical kit and first aid requirements.

Ocean Medical International supplies medical kits and equipment for yachts. We have an excellent reputation in the yachting industry and our kits can be found on some of the leading yachts in the world. The company has been developed and is controlled by medical personnel who are experienced in the field of emergency medical care, particularly in remote situations away from professional medical care. We have evolved intelligent, easy to use systems in the most thorough, and safe to use medical kits available for yachts.

Additionally, we conduct MCA approved first aid training at our classroom in Palma, Mallorca.

Ocean Medical International products and services include:

- An extensive range of Medical Kits designed for yachts ranging from Superyacht to Daycruiser. Category A, B, C Medical kits, Emergency Grab Bags, Life Raft Kits.....
- A 24/7 Emergency Radio Medical Advice Service.
- MCA Approved Medical Courses from Essential First Aid to Medical Care Onboard Ship

We would like to offer all registered ARC participants a special 10% discount on our medical kit range!

For further information please visit our website at www.omi2.com or call us at + 34 629 818 826

Good luck and safe passage to all.....
